About: Founded in 1996, Gravity Switch specializes in custom technology solutions for non-profits, businesses and educational institutions. As a provider of high-end services, we're most compatible with companies and departments who are the quality competitor in their market space, and have "good chemistry" with organizations and departments led by entrepreneurial thinkers who value honesty, integrity and top-shelf quality.

Services:

- ▶ Website design & development
- ▶ Content Management System solutions
- ▶ Graphic design and visual branding
- ▶ E-commerce and database integration
- ▶ Web based applications to improve or streamline operations
- ▶ Mobile applications
- ▶ Intranet/Extranet design & development
- ▶ Internet strategy consulting
- ▶ Touch-screen Kiosks
